I am attaching a first draft of the above patent application. Please review it carefully and return your comments to me either by way of a phone call or by marking up the document. Microsoft has asked that we set a deadline of two weeks from today for completing the review of the first draft. Please let me know if that will be a problem.

The preliminary drawings are embedded in the second file.

Each inventor needs to review the application, although it would be helpful if you could coordinate your comments through a single inventor.

Before reading the patent application, you should review the following document, entitled "Guidelines for Reviewing a Patent Application Draft":
